Exhibit & Demonstrations Animals:

It is the mission of the Estes Park Wool Market to provide a venue for goat owners and breeders to show their animals in competition, as well as educate the public about breed characteristics and the fiber industry.

All goats on the Wool Market property must be registered with show management in one of two ways:

- The goat must be entered in one or more classes in either the Angora or Cashmere Goat Shows or a youth class. If a goat is not entered in a class then it will fall under the category of demonstration for educational purposes.
- All Wool Market and Goat Show rules and regulations also apply to exhibit and demonstration animals.

Regulations & Other Information:

- All goats must have health certificates issued by an accredited veterinarian in the state of origin, dated within 21 days to be available on request to show superintendents before penning or stalling.
- All goats are subject to re-examination by a veterinarian at the request of the superintendent. Any goat showing evidence of infectious, contagious, or communicable diseases must be immediately withdrawn from the show and removed from the fairgrounds.
- All goats must have premise identification ear tags that comply with the National Scrapie Eradication Program ATTACHED TO THE ANIMAL. Call 1-866-USDA-TAG (1-866-873-2824) for help. In Colorado call the USDA-APHIS Area Veterinary Services at 303-231-5385 for free tags.
